WHAT TO DO IF...

Students:

You are late to school...

- If you arrive late to school (after 8:45 a.m.) you need to report to the front desk. If you arrive after 9:00 a.m. you will need to have a parent/guardian sign you in.

You are late to class...

- If you are tardy to class—go directly to your classroom. The teacher will mark you tardy.
- If another teacher or a member of McCullough staff has caused you to be late to your next class, it is your responsibility to secure a pass to be admitted to your next class. Try to develop good attendance and punctuality records.
- Any student who is late to a class more than 15 minutes will be considered truant.

You are absent...

- Have a parent or guardian CALL the attendance office to report your absence.

You are returning after an absence...

- If your parent or guardian did not call to excuse your absence, report to the Front Office with a note from a parent/guardian accounting for your absence.
- If your parent or guardian called, you may report directly to class.

If you want to leave school early...

- Turn in a SIGNED NOTE FROM YOUR PARENT/GUARDIAN to the Front Office when you arrive in the morning. Be sure that your note contains a parent or guardian telephone number, and/or the name and telephone number of the attending physician or dentist. After verification, the attendance office will issue you a pass to be released from your class at the appropriate time. Prior to leaving school, you must check out at the Front Office. A parent/guardian must come in the building to check a student out.

You lost a textbook or personal items...

- Check in the lost and found bins in the Cafeteria before school, at lunch or between classes. For Electronic devices check the Assistant Principal's office in A102.

You find a textbook or personal article that is not yours...

- Turn in the article to the grade level office.

You want to leave your classroom...

- Always get a signed pass from your teacher. No student should be in the halls without a signed pass or a colored restroom pass.

You want advice about schedules or courses...

- See your counselor—make an appointment by stopping by the counseling office between classes during the passing time. If making an appointment is going to cause you to be late to your next class, be sure to ask the counseling office for a pass.

You get hurt or become ill during school...

- Get a permit from your teacher for the clinic. If you become ill during lunch or a passing period, report to the grade level office for a pass.

You have a conflict with another student...

- Seek assistance from a staff member. Do not take matters into your own hands.

You witness someone committing what you believe to be an illegal act against you, another person, or the school...

- Seek the assistance of the nearest staff member, file a report with one of the CISD Police Officers assigned to McCullough campus, or report the incident by calling the Crime Stopper telephone number (1-888-KID-CHAT) or (936-543-2428).

You want to withdraw from school...

- Begin the withdrawal procedure in the Registrar's office—a parent/guardian must be present.

You want to get a message to a student... (Parents/Guardians and other students)

- Messages are delivered in emergency situations only. In that event, contact your students grade level office. If you need to let your student know about a change in the after school transportation plan, contact the receptionist who will relay the message about the transportation change to the student. Please note that all transportation changes must be received before 3:30 p.m.

Parents/Guardians:

My student needs to take a prescription or non-prescription medication at school...

- A parent/guardian must bring the medication to school and sign it in with the school nurse. The medication must be in its original container with the student's name on it. The dosage must be included in the information.
- No student should carry any type of medication with him/her to school, during the school day or on the bus without the nurse's permission.
- See the CISD medication policy contained in the handbook.
- Students carrying medicine are subject to disciplinary consequences. See consequences page.

My student forgets to take something to school...

- Bring the item to the front office so that it can be delivered to him/her. Students will not be allowed to call home unless it is an emergency.

My student forgot a lunch...

- Students may purchase a lunch from the cafeteria. Lunches may be dropped off at the front office. Only bottled drinks with a cap will be accepted.

I need to talk with one of my students teachers...

- Call the school receptionist. If the teacher is not available at that time, a message can be left for the teacher. Under normal circumstances, your call should be returned during the teacher's next conference period. If his or her conference period has already passed for the day, the call may not be returned until the next day's conference period. If you wish to arrange a conference with your student's teacher(s), please contact the counseling center.

I'm going out of town and leaving my child in the care of another adult...

- Contact your students grade level office with the name and phone number of the person who will be caring for your child. Also, leave a phone number where you can be reached out of town.

My student would like to bring a guest to school...

- For the safety of all of our students, we do not allow guests or students from other schools to visit our campus during the school day.

My student's sibling or student of another school wants to come to McCullough to watch a performance...

- Students of other schools are not permitted on our campus during regular school hours.
- If a parent/guardian wants to bring a sibling on campus, they may but the sibling must be with the parent/guardian at all times as well as sign in at the front office.
- No McCullough student may go to another CISD school during the regular school hours without the approval from that campus.

"Academic Excellence – The Tradition Continues"

Grading
Progress Reports to Parents/Guardians

Reports on student progress may be obtained by parents/guardians through a variety of approaches: parent-teacher conferences; telephone conference; written messages, Parent Access, and through report cards which are issued on a nine-week basis. In addition to these mediums, a three-week written progress report will be provided at the end of the 3rd, 6th, 12th and 15th week of each term. A combined progress report will be sent home the following Wednesday after the end of the specified time. All classes will be shown on one progress report for ease. Students not being successful will receive a detailed progress report from that teacher. A parent/guardian may call and request a detailed progress report from each individual teacher. Parents/Guardians and students are encouraged to contact the appropriate teacher whenever there is a question or concern. See website for Report Cards and Progress Reports for specific dates.

Report Cards

Each semester is divided into two nine-week increments. A report card will be issued at the end of each nine-week period. A student's report card will be mailed and can also be viewed by accessing the Parent View-It system via [http://www.conroeisd.net]. Signing up for this also adds parent/guardian's name to the list to receive the emailed school newsletter.

Nine-week grading is determined as follows:

Table with 2 columns: Category, Percent Value. Rows: Major Grades (Exams, Projects) 60 percent, Daily Grades 20 percent, Quizzes, labs 20 percent.

Each nine-weeks grade will account for 45% of their grade. A final semester exam worth ten percent will be administered each semester. High school final exams will count 15%. Final semester averages will be determined as follows:

Table with 2 columns: Category, Percent Value. Rows: First nine-weeks 45 percent, Second nine-weeks 45 percent, Semester Exam 10 percent.

High School Courses (Algebra, Geometry, Health, Spanish 1)

Each nine weeks grade will account for 42.5% of their grade. A final semester exam is worth 15%. Final semester averages are as follows:

Table with 2 columns: Category, Percent Value. Rows: First nine weeks 42.5 percent, Second nine weeks 42.5 percent, Semester exam 15 percent.

A | 90-100 B | 80-89 C | 75-79 D | 70-74 F | Below 70

Final exams are scheduled for the last four days of each semester. It is critical for students to be present at during these times.

MCCULLOUGH JHS GRADE POLICY

Three Categories of Grades

Major – Teams classify assessments that are considered major grades. Examples could be Tests, Projects, Concerts, Essays, Timed Writing, Performances, Presentations, Labs, or other long-term assignments that are considered a significant value of the total grade for the course.

Quiz – Teams classify assessments that are considered formative check points. Examples could be labs, sketchbooks, presentations, rough drafts, or quizzes.

Daily – Teams classify assignments that are considered daily work. Examples could be homework, classwork, or anything else that does not fit into Major or Quiz categories.

Table with 3 columns: Category, Percent Value, Minimum Number of Assignments. Rows: Major 60% At least 3 Major grades each 9 week MP, 2 in 1st 6 weeks of MP1, Quiz 20% At least 5 Quiz grades each 9 week MP, 3 in 1st 6 weeks of MP1, Daily 20% At least 7 Daily Grades per MP, 3 in 1st 3 weeks of MP1.

Retest Policy

- Due to the nature of some assignments and lab practicals, teachers can limit what items can be offered for retakes.
- It is expected that test retakes will occur before the school day begins.
- The re-assessment may be administered at any time during the nine weeks. If an assessment should fall on the last day of the marking period, the student will have a maximum of five school days to re-take this assessment in order to satisfy UIL eligibility.
- If a student is caught cheating on a test, they will receive a 0 and a re-assessment for that test is not permitted.
- There are no retakes on semester exams.
- Tutorials may be required when the individual test grade falls below a 75 and the student wishes to retest.
- The maximum grade a student can earn on a retest is a 75.
- A minimum of one re-assessment per nine weeks will be offered. It is up to departmental team discretion to offer more than one re-assessment during a nine-week marking period.

Late Policy

Major – Major long-term assignments/projects will be accepted late for a 10% penalty per school day for a maximum of five school days following the day the assignment/project was due. After five school days a late project will not be accepted. Examples of this include but are not limited to the Science Fair and Veterans' Day projects. .

Quiz – Homework assigned that will be taken as a quiz grade will be accepted late for a 10% penalty per school day for a maximum of five school days following the day the assignment/project was due. After five school days a quiz will not be accepted. If a student is ill and out on the day the assignment/project is due, he/she will receive one day for each day they were out and the 10% potential penalty will initiate each day after those absence days have expired. For clarity, school days are defined as every day school occurs regardless or not of whether the class meets on a given day.

Daily – Daily work that is assigned as homework will not be accepted late for full credit. Daily work that is assigned as homework will be accepted late for a maximum grade of 50% by the next time the class meets. After this daily work will not be accepted for a grade.

Highlander Honor Code

Personal and academic integrity is foundational for individuals and communities. Because it creates individuals, communities, and nations of honorable purpose, excellence in education demands rigorous honesty and moral decision-making. Without honesty, assignments, projects, papers, and exams that measure individual student learning and performance cannot be fair. Therefore, each student, each parent/guardian, and each staff member is responsible for the cultivation and maintenance of academic integrity—integrity that fosters not only an excellent educational environment but the formation of lifelong character.

SCHEDULE

Students in the 7th and 8th grade will attend four classes and an advisory period each day. All other classes will meet on an every other day basis. The advisory period is an opportunity for students to work on assignments, receive extra help, listen to announcements, and attend club or group meetings take place at this time. Students will attend lunch during their third/seventh period class.

COURSES OF STUDY

To meet the diverse interests and needs of McCullough students, the school offers a challenging and comprehensive curriculum. Several academic levels and content areas are available so that a student can mix and match course content and level to individual goals, interests and abilities.

The Conroe Independent School District provides quality instruction for each student in the District. Attention is given to the student’s performance in previous courses; the difficulty level of the courses; and any special learning needs. The McCullough curriculum is designed for students who plan to attend colleges or universities, technical schools or enter the work place up-on graduation.

The regular curriculum is college/university preparatory and includes challenging content material, study skills, critical thinking skills and problem solving utilizing state adopted textbooks, media, and computer technology. Teachers have high expectations for student performance in all courses.

For the student who must have a modified curriculum, courses are developed around the state mandated curriculum stressing mastery of specific essential elements or objectives and study skills. Specific criteria exist for placing a student in a modified curriculum. These courses are designed for the student who has not satisfactorily achieved learning and requires special assistance in small classes. Students whose academic needs are addressed through special education classes earn credits toward graduation based on the specifications in the student’s Individual Education Plan (IEP).

Tutorial sessions are available for the student who is having difficulty in a particular class, or is making a grade of 70 or below, or simply wishes help in certain areas. These sessions may be offered during the school day, before school, after school, or on Saturdays. The student will be notified of the location and times. Students are encouraged to seek assistance from their regular teachers.

For the 7th and 8th grade student who has not yet mastered the STAAR examinations, special programs will be used to assist students in mathematics and reading. The program will take place during a students elective classes throughout the year. Students will be identified and parents/guardians notified of this placement at the beginning of the year.

Academic Courses

Incoming seventh grade students are assigned to classes that are identified as Regular (R) and Pre-Advance Placement (Honors). Incoming eighth grade students are identified as Regular or Pre-Advance Placement (Honors). All classes are college preparatory. All students are placed into the appropriate level based on criteria set by each academic department. Gifted and Talented (GT) students must qualify for the GT program based on the criteria set by the district. All identified GT students will automatically qualify for the Honors program in the specific are-as of study in which they are identified. Students are expected to be successful in the class that meets their ability. All students in an advanced program are expected to meet all course expectations with a minimum of 70 percent. Any student failing to meet this expectation will have his/her parents/guardians contacted, and the student will be encouraged/required to be placed in the regular program for the next school year.

Course Selection

All McCullough students entering from Intermediate school or a current 7th grade student should have made 7th and 8th grade course selections in the spring of their 6th or 7th grade year. All students and parents/guardians had the opportunity to select elective choices as well as discuss academic placement with school personnel. All 8th grade students will develop a four-year plan in preparation for entering high school. The school counselors will begin this process in the Spring semester.

Each student will take the following courses while at McCullough Junior High School:

7th Grade	8th Grade
Language Arts (2 Semesters)	Language Arts (2 Semesters)
Mathematics (2 Semesters)	Mathematics (2 Semesters)
Science (2 Semesters)	Science (2 Semesters)
Texas History (2 Semesters)	U.S. History (2 Semesters)
Writing Strategies 1 (1 Semester)	Writing Strategies 2 (1 Semester)
Special Investigations in Math (1 Semester)	Physical Education (1 Semester)
Physical Education (2 Semesters)	Electives – 6
Electives – 4	

Some courses have pre-requisites and must be taken prior to signing up for that course.

Review of Common Assessment Exams

Examinations and tests administered by McCullough and most secondary schools are part of a larger body of common assessments developed for accuracy and quality instruction of the Tex-as Essential Knowledge and Skills (TEKS). These confidential exams, and parts of exams, are utilized among our staff within common departments, as well as other CISD junior high cam-puses. After taking an exam in class, students will review “stumble sheets” with their instructor to correct any mistakes made and emphasize re-learning of missed material or questions. Should you like to review an exam in person with your child’s instructor, please contact the instructor directly.

Gifted and Talented (GT)

The GT program offers courses that are accelerated and enriched in content. These courses are designed to prepare students to enter college with a sound background in subject content, learning strategies, thinking skills and work ethics. GT level courses are offered in Language Arts, Science, History, and Mathematics. Admission to GT course work is based on student interest, motivation, and academic achievement.

SPECIAL EDUCATION SERVICES

McCullough Junior High School follows all state and federal guidelines with regard to Special Education services. Any student in the special education program will have IEP’s and Modifications that will be followed by the appropriate teachers. Each student will have an annual ARD meeting in order to examine the IEP’s and develop new ones in

order to challenge all students receiving services. ARD meetings should be convened when a change in placement, modifications, or IEP's will take place. If there is a question regarding the student's performance, please contact the teacher first.

We offer an informational notebook to help parents/guardians understand the ARD paper work. You may contact the diagnostician for a copy.

If you feel that your student may be having difficulties in class and would like your student to be screened for special education services, contact the counseling center for more information.

McCullough Junior High School has a team of teachers and administrators to review each application and assure that all steps have taken place prior to the special education referral to allow the student to be in the least restrictive environment. The team is called IAT (Intervention Assistance Team)

Homebound Instruction

Students who are seriously ill for an extended period of time may be eligible for homebound instruction.

A parent/guardian should request homebound instruction when a student is seriously ill and the doctor provides a written opinion that the student will require the services of a homebound teacher. The student must be unable to attend regular classes at school and need homebound services for a period of four weeks. The student must, however, be free of infectious disease, and there must be an adult in the home at the time of the teacher's visit. Parents/guardians should apply to the counselor for the homebound teacher as soon as the need is determined. For a student who will need to be absent for fewer than four weeks and for at least three days, make-up work from the campus teacher can be secured by the calling the front office.

Physical Education Restrictions

Students may find themselves restricted from physical activity for the physical education class. For permanent restrictions, a member of the health care profession who is licensed to practice in the State of Texas shall provide written documentation to the school as to the nature of the impairment and expectations for physical activity for the student. For temporary restrictions, a member of the health care profession who is licensed to practice in Texas shall provide the written documentation of the nature of the temporary impairment and the expected amount of time for recovery. During recovery time, the student shall continue to learn the concepts of the lessons, but shall not actively participate in the skill demonstrations. An alternative written assignment may be given in order for the student to receive credit and a grade for the unit or class.

Students may take only one P.E. or P.E. equivalent course during a semester.

COURSE CREDIT

Students must maintain a grade average of 70 or above on a scale of 100 in order to receive credit for the course.

PROMOTION

To be promoted a student must receive credit in three of four core subjects (language arts, math, science, history). Two of these credits must be language arts and math.

A student must also attain an overall average of 70% or above in all courses taken.

SUMMER SCHOOL

Summer School courses will be offered for students who fail core courses during the regular school year. More information will be available in late spring of each year.

Note: There are attendance requirements.

TUTORIALS

- Individual teachers provide special help for their students upon request.
- Teachers will arrange with students for tutorial time in the mornings.
- TWHS Honor Societies provide tutorials for students experiencing difficulty.
- Math and Language Arts tutorials will be offered as well as giving emphasis on STAAR.
- When funding is available, study skills sessions may be made available.
- Announcements will be made at the beginning of the year about the availability of tutoring.

SCHEDULE CHANGES

The student must submit a request to the Counselor to make a schedule change. Schedule changes will be considered only under the following conditions:

- Overcrowding in a class.
- Correcting an error in the schedule.
- Extenuating circumstances approved by the principal.
- No changes in a student's schedule will take place unless approved by the principal. No other change request will be honored.

ACADEMIC/TEACHER CONCERNS

The following steps should be taken to resolve situation regarding Academic/Teacher concerns:

1. The student should talk to the teacher about the concern.
2. The parent/guardian should email or phone the instructor.
3. The student and/or parents/guardians should request a conference with the teacher.
4. If the concerns are not resolved, request a conference with the counselor and the teacher.
5. If still not resolved, request a conference with the assistant principal and the teacher.
6. The final step would be a conference with the principal.

Please note that a parent/guardian with a concern will be directed to the appropriate step.

TEXTBOOKS

Textbooks are checked out directly from the assistant principal's office A102. Students are required to write their names in the space provided in the front of the book, and to keep books covered at all times. Students and/or parents/guardians are required to pay for books lost, damaged or stolen.

Some teachers may check out books, usually supplemental books used in departments, directly to students. Textbooks found should be returned to the Assistant Principals office. The Assistant Principal will notify the student who lost the book that it has been returned. Lost textbooks should be reported to the Assistant Principal's office immediately after discovering the loss.

Delinquent charges assessed for lost/damaged/stolen textbooks must be cleared before a student's record can be completed. A student whose textbook record is not clear will not be issued any additional textbooks until delinquent charges have been collected.

Missing textbooks must be paid for before a new book will be issued. Carelessness may be costly. Workbooks are given to students in various classes.

ATTENDANCE INFORMATION

Official state attendance (ADA) will be taken each day during PERIOD-2 and 6 at 10:45 a.m. McCullough attendance accounting is completed each period to determine course credit eligibility.

Regular attendance is required of all students. All cases of irregular attendance will be investigated. When a student is absent from school for one or more periods, a parent or guardian must CALL the ATTENDANCE OFFICE by 10 a.m. on the day of the absence stating the reason and duration of the absence. This call will help avoid the student's delay in returning to class. When a parent/guardian contact has not been made with Attendance Office, the student is required to bring a written excuse signed by a parent or guardian. In the case of forgery of an excuse note and/or call, disciplinary action will be taken. Students should deposit excuse notes at the Attendance Office before school on the day they return to school from an absence.

If parents/guardians do not call or if students do not bring a note on the day they return, they will have one additional day to complete this required documentation. After the additional day, the absence will be considered unexcused.

If a note or telephone call has not been received prior to the absence, every attempt will be made to notify a parent/guardian of the absence on the same day.

The school will file truancy charges on any student and/or parent/guardian that have excessive absences. The school will determine the merit of each case on an individual basis.

Time Limit for Excusing Absences

If a student's parents/guardians do not contact the school or the student fails to bring a note from his/her parents or guardians upon returning to school, the student has one more day to have an absence excused. After that additional day, the absence will remain unexcused. Leaving early for a vacation is not an excused absence.

Co-curricular Absences

Students who wish to participate in co-curricular activities that will require them to miss class time during the school day are required to have satisfactory conduct and be passing all classes that are to be missed.

Student Absence Make-Up Classes

In order to assist in making up classes missed due to absences, the school provides alternative ways for students to make up work or regain credit due to absences. Make-up classes are held on Monday through Thursday for 1 hour, and on Saturdays for 4 hours.

Excessive Absences from a Former School

Students enrolling in school during a semester with excessive absences from their previous school are entering with the possibility of credit loss unless the time is made-up according to the requirements established in these policies.

Excused Absences

Refer to the CISD Secondary Student Handbook: Section Attendance and Absences.

Unexcused Absences

An absence for any reason other than those listed under "EXCUSED ABSENCES" shall be classified as unexcused. Absences that are initially classified as unexcused may be changed to excused if the parents/guardians send a note (stating the reason) within two school days after the absence. The Principal may review reasons other than those above and approve on a case-by-case basis.

Field Trip Absence

Students participating in a field trip during school hours will not be counted as absent for the class taking the field trip. Work missed for such

activities is eligible for make-up, as are days missed for UIL competitions. Prior approval must be given for all students participating in a field trip. The sponsor/coach will notify all staff of the field trip or competition and the students that will be participating. They will also file a trip form with the registrar and principal's secretary. Students who are failing any class may not participate in a field trip or UIL activity that will cause them to miss a class in which they are having difficulty. It will be the responsibility of the teacher or coach sponsoring the field trip or UIL activity to notify all staff members of the trip. It is the responsibility of the individual teacher to notify the sponsor/coach of a student that does not meet eligibility. Students who are failing a class do not have permission to miss that class for a field trip or UIL activity during school hours.

Leaving During the School Day

Students that are leaving during the school day need to do the following:

1. Bring a note from the parent or guardian to the front office before 1st period.
2. The note should include who will be picking up the student, the time and the reason for dismissal, and a phone number.
3. Student will then receive a dismissal slip to be shown to their teacher at requested time.
4. Student will then report to the front office at their dismissal time.
5. Parent/guardian or person picking up is required to come into the front office to sign out the student before student leaves the school.

To Leave School Early Due to Illness

If a student becomes ill while at school, the student should get a permit from his/her class-room teacher to go to the clinic. Under no circumstances are students to leave school without proper authorization. Students are not to use their cell phones to call home for illness, etc. The clinic will notify parent or guardian if a student is ill or needs to go home. Students are not to go and stay in the restrooms, etc. if they feel ill. If they do so, they will be considered truant.

Note: A student leaving school for any reason must sign out at the Front Office. Failure to follow the procedure will warrant disciplinary action for truancy.

Early Dismissal Policy

Parents/guardians are requested to not pick up students between 3:35-4:00 p.m. due to the normal traffic congestion that occurs during end-of-school-day dismissal.

CISD Closed Campus Policy

Once a student arrives on campus for the school day, he/she will NOT be permitted to leave the campus without administrative approval. Students leaving school for any reason (doctor's appointment, orthodontia, illness, etc.) other than a school-sponsored activity without checking out through the Attendance Office will be subject to disciplinary action. Checkout procedures must be followed even if the parents/guardians are aware that the student is leaving.

CISD Board Policy prohibits students from leaving the campus during the school day (including lunch) unless the parent/guardian and school administration have given proper authorization.

To Return to School After Leaving Early the Previous Day

When leaving school early for an appointment the Attendance Office will issue you a permit. Return this permit, along with verification from the health professional, to the Front Office when you return to school. This procedure must be completed PRIOR to the beginning of the first period.

Requests for Assignments

On any three or more consecutive days of excused absences, a student may request assignments by contacting the receptionist. Assignment sheets, textbooks and materials may be picked up after 24 hours from making the request. Many of the assignments can also be found on the teachers Canvas page.

Make-up Work

Students will be given the opportunity to make up work missed due to any absence with the exception of truancy, i.e. skipping school. Truancy is the absence of a student from school without the permission of the student's parent or guardian. It is the responsibility of the student to request and complete any assignment or test missed because of an absence. For any work as-signed during a student's absence, the student will be permitted one day for each day of absence to complete that work. Students who miss class for an approved school activity are to notify the teacher in advance concerning the possibility of completing any tests or assignments prior to the absence. Long-term assignments are due even if the student is absent on that day. Students should make arrangements to have long-term assignments turned in on the date due if the student is unable to do so because of an absence.

SCHOOL SERVICES

Counseling Center

The counseling center is available to parents/guardians and students needing assistance in academic, personal, or social situations. The following is a list of services offered by the counseling center.

- Academic counseling
- Short term Crisis counseling
- Scheduling/facilitating conferences and staffings
- Referrals to appropriate school and/or community programs and agencies
- Small group presentations
- Parent information
- Student information
- Referral to Special education, 504, and Gifted and Talented

Students wishing to speak with a counselor should stop by the counseling center between class, before school, or after school to sign up. The counselor will then initiate a pass to arrange a conference. In the case of an emergency, the student should obtain a pass from the teacher to go directly to the counseling center.

Parents/guardians wishing to speak with a counselor should call the Counseling Center and ask to speak to their child's counselor. The counselor will talk with you if they are available at that time. If they are not available, a message will be taken and the call will be returned as soon as possible.

Information that a student shares in a counseling situation is considered confidential unless the student suggests harm to him/her self or to others. In that case, the parents/guardians and/or appropriate agencies will be contacted immediately.

Library Media Center

The library strives to supply students with the best sources for research, learning, and personal interests, as well as materials for reading enjoyment. Student suggestions for purchases are always welcome.

Library hours are from 8 a.m. to 4 p.m. Monday through Friday. Students are required to have a pass to enter the library throughout the school day.

Books may be checked out for two weeks, after which a fine will be issued for each day the book is overdue. Students who do not clear their library record will have report cards held. During class research, related books will be placed on "hold" until the assignment is

completed so that all students have access to all pertinent materials.

Students are responsible for bringing money for copying materials.

Food and/or drinks are not allowed in the library at any time.

Appropriate conduct is expected at all times. Students who do not conduct themselves properly will have their library privileges revoked.

SCHOOL OPERATING PROCEDURES AND RULES

McCullough Campus

The McCullough School campus includes all CISD property at 3800 S. Panther Creek and those areas immediately adjacent to it including Creekwood Park and the bus stops.

Afternoon Car Pick Up

All afternoon pick up is on the west side closest to the football fields. It is important to follow all signage and directions. The most important item at pick up is safety. In order to pick up your child on the west side, you must either have him/her load along the curb (much preferred) or have the parent/guardian come to the crosswalk by the door to take your child. Encouraging your child to exit the building quickly to your pick up location at 4:00 p.m. will help you and the rest of the parents/guardians in line move much faster. Pulling up as far as you can allows loading the maximum number of students and facilitates a smooth and quick loading of students. Additionally, please do not talk on your cell phone in the line or parking lot while moving in order to ensure maximum safety for all.

Due to safety issues, there is no student boarding on Panther Creek Drive at the end of the school day. All student boarding or pick-up should be inside the front horseshoe or the northwest corner of the building in the designated student pick-up area.

Remember that Texas State Law prohibits the use of cell phones in a school zone during the posted school hours.

Arriving on Campus in the Morning

Students should not arrive or enter the school before 8 a.m. unless they are involved in a before-school activity. Teachers begin supervising student areas at 8:05 a.m. For their safety, students should not be dropped off at school prior to that time unless they have an appointment or a scheduled extracurricular activity where they will be supervised. All car riders should be dropped off at the west end of the building.

Once students arrive on campus, whether from the bus or private transportation, they may not leave (even to cross the street) under penalty of discipline. All students arriving before the first bell must report directly to the cafeteria.

Articles Prohibited in School

Problems arise each year because students bring articles which are hazardous to the safety of others or interfere in some way with school procedure. Such items as toy guns, water pistols, laser pens, yo-yos, etc., if brought to school are undesirable and will be impounded and appropriate disciplinary action will be taken. Parents/guardians are requested to help students understand the necessity for such regulations.

Assemblies

Assemblies are intended to be informative and instructional. Students are to behave in a responsible and respectful way at all assemblies. When possible, seating will be assigned for assemblies and students are required to sit in the assigned seating.

Assigned Area

Students are expected to be in the assigned student areas before and after school.

1. **Morning** - in the cafeteria or an area authorized by a school staff member.

2. **Lunch time** - students are to report and remain in the cafeteria area during their assigned lunch period.
3. **After school** - students are to:
 - a. Go to the cafeteria to wait for their bus arrival after dismissal.
 - b. Exit to the bus ramp when their bus number is announced/ displayed.
 - c. Students should exit the school when the bus arrives and go directly to the bus.
 - d. Car riders need to go directly to the pick-up area.
 - e. Walkers should promptly exit the building.
 - f. Students not riding the bus should not go or be in the bus ramp area.
 - g. Go to the after school activity (*tutorial, Detention Hall, etc.*)

Failure to follow the above rules will result in disciplinary consequences.

Backpacks or Large Carry Items

Backpacks, sack packs, etc. may be used to carry books and school related materials to and from school. Backpacks are allowed in the hallways and classrooms. Every student has been assigned a locker. Locker use is completely optional.

Bus Safety

It is important to note that any school bus assignment is subject to change based on the needs of the District. We try to keep the same buses on the same routes all year for stability, but it may become necessary to move buses to different routes temporarily or permanently. General education buses with seat belts will be assigned to routes with a priority given for routes that have both longer elementary routes and serve multiple tiers.

Texas state law mandates that if a school bus is equipped with seat belts, students must wear them. As a result, the District is modifying its procedures to reflect this requirement. Students will not be transported without wearing a seat belt on buses equipped with seat belts. Students who choose not to wear their seat belt, as required, will receive appropriate disciplinary action up to and including the loss of bus riding privileges.

Students who refuse to wear the seat belt during afternoon boarding will be returned to the care of the school and the parent/guardian will be contacted to provide transportation home. A student who removes their seat belt during the route or refuses to wear the seat belt when boarding the bus in the morning, will be reminded once to put the seat belt on. If the student does not comply, the student will receive a bus referral.

Please help your child(ren) understand the importance of wearing their seat belt and the consequences of failing to do so. *School buses should be treated as an extension of the classroom. Students are expected to comply with the student code of conduct while on the bus and to ensure that the buses remain in good condition for the safety of themselves and all passengers.

If you have concerns or questions, please use our "Contact Transportation" form at <http://www.conroeisd.net/transportation/contact-transportation/> to reach us.

Bus Changes

Students are expected to ride their assigned buses. Any requests will not be honored due to overcrowding.

Cheating/Violation of Testing Procedures

Any type of unauthorized communication or sharing of information or materials with others (verbal, nonverbal, or written) is considered cheating. A student should follow all of the individual teachers testing

procedures. Students are not to leave the classroom or take home a test without permission of the teacher. All students involved will receive consequences.

Class Dismissal Procedure

The bell at the end of a class period is the signal for the teacher to end class. In most instances, teachers will attempt to close instruction just prior to the bell so that students will have a full passing period to get to their next class. There may be, however, instances where instruction goes right up to the bell. Please be reminded that, at all times, the teacher will dismiss students from class, not the bell.

Co-curricular/Extra Curricular Dress & Grooming

The principal (or designee), in conjunction with the sponsor, coach, or other person in charge of an extra-curricular activity, may regulate the dress and grooming of students who participate in the activity if the principal reasonably believes that the student's dress or grooming:

1. Creates a hazard to the student's safety or to the safety of others; or
2. Will prevent, interfere with, or adversely affect purpose, direction, or effort required for the activity to achieve its goals.
3. Interferes with the reputation and standing of the group or school.

Violation of the policies set by the program may result in suspension or removal from the program or activity.

Deliveries

Deliveries of student lunches will be accepted at the front office. When it is the student's lunch time they need to report to the front office to collect their lunch. Lunches will not be delivered to the cafeteria. No outside deliveries for students will be accepted from outside vendors.

Students are not allowed to receive deliveries such as flowers, balloon bouquets, stuffed animals, etc. If these items are sent to school, the student will not receive these items until the end of the school day. They will pick it up in the front office. All other items delivered to school must be brought to the front office drop off room.

Students that bring or are given items by fellow students such as flowers, balloon bouquets, stuffed animals, etc. are not to carry them during the school day. These items should be put in the student's locker or taken to the front office where they can be picked up at the end of the school day. We make no assurances that food or other items dropped off at the front office will successfully be delivered to the student. Items left at the front office are dropped off at your own risk.

Dress and Grooming Policy

General Information

It is essential that school guidelines be such that an atmosphere of learning is created. Dress regulations should discourage the extremes and the fads that may lead to disruptions. Such regulations will provide appropriate standards for the general appearance of students, foster good physical and mental health, and encourage students in appropriate dress habits.

The faculty and the administration will enforce the policy governing dress and grooming uniformly. It shall be the responsibility of the professional staff to determine the appropriateness of attire for all school occasions. All students have the responsibility to wear clothing that contributes to their own health and safety as well as those of others.

The following policies have been reviewed, enhanced and approved by a Site-Based Advisory Committee. Membership on the committee includes parents/guardians, faculty, and community members.

Students are required to be clean and well groomed, and their dress must be modest and non-disruptive.

2. Shall not create a health or other hazard to the student's safety or to the safety of others.

If the student's dress or grooming is objectionable under these provisions, the principal (or de-signee) shall request the student make appropriate corrections. If the student refuses, the principal shall notify the student's parent or legal guardian and request that person make the necessary correction. If both the student and parent or legal guardian refuses, the principal (or de-signee) shall take appropriate disciplinary action. A minimum of one (1) detention will be assigned for knowingly violating the dress code. If the dress or grooming of a student is immediately impeding the educational process, the student will be placed in ISS for the day or until the infraction is resolved. Students may be suspended for a period of time determined by the principal (or designee) for violations of the dress code. All students shall be accorded due process safeguards before any disciplinary action may be taken. (CISD Policy FNCA-2)

Repeated violations may cause additional appropriate disciplinary action to be taken.

Tardy Policies and Procedures

Tardiness is defined as arriving to class late without an approved permit after the tardy bell rings for the opening of class. Students arriving to class more than 15 minutes late will be regarded as skipping.

Students tardy to class need to report to their assigned classroom where the teacher will mark them tardy.

Punctuality is an important habit that shows consideration for fellow students and teachers. In a larger context, absence and lost time due to tardiness are the primary reasons for employee dismissal in the work place.

The following is the tardy policy and the consequences that correspond:

Tardy 1 - 4	Warning
Tardy 5 - 6	Detention(s)
Tardy 7 - 8	Detention(s)
Tardy 9 - 10	Detention (8-10)
Tardy 11 - 12	Saturday Detention (8-12)
Tardy 13+	May result in In-School Suspension or DAEP

Tardies are counted on a marking-period basis. Each marking period the tardy count will start over.

Late Arrival - Students who arrive after 8:45 a.m. are to report to the front office to sign-in. **Students who arrive after 9:00 a.m. must sign-in with a parent/guardian.**

Note: *Students do not have to report to the front office if their bus is late. Teachers will be notified excusing the tardy.*

DISCIPLINE GUIDELINES

Student Behavioral Procedures Related to Discipline Management

Teaching good citizenship is a primary goal of our school. All students should respect other's property and rights, practice honesty, and show respect to McCullough staff. The academic and extra-curricular benefits and privileges received by students are dependent upon the good behavior of each student. Behavior that threatens the welfare and morale of the school will be referred to the Assistant Principal. Students should also realize that teachers have the authority and the responsibility to correct inappropriate behavior when correction is necessary. Every effort will be made to help the student in overcoming his/her problem.

The school tries to involve the student in some decisions regarding discipline. The following procedures may be used separately or collectively to modify student behavior in correction of problems.

The offenses listed below receive consequences based on the frequency and severity of the offense with regard to the health, safety, and general well-being of all McCullough Junior High School students and staff. The following information is provided as a reference or guide for both students and teachers. The general or most frequent offenses are listed below. Not all-possible offenses are listed. Any offense will result in a referral.

All discipline referrals that a student has received will be used in determining the consequences for a new referral being handled. Consequences will be elevated for students that have been referred to the assistant principal's office for previous incidents.

Please note that general misconduct violations are not listed in the guidelines. There are numerous factors that must be examined in each of those situations to determine the consequence. Therefore, the assistant principal will make the decision based on the information provided and the appropriate consequence based on previous information of students committing the same type of offense.

All of the assistant principals will work hard to help students control their behavior as well as develop good decision making skill. The goal of a referral to the office is to correct inappropriate behavior as well as teach appropriate behavior and problem solving skills. In order for the assistant principals to accomplish their job, the support of the parent/guardian in the school's decisions is vital.

All school rules and regulations will be in effect for students during the ISS assignment. The student will also be required to follow additional rules set by the ISS teacher. For example, leaving ISS for a physician's appointment will result in additional ISS assignment.

A student's regular teacher will provide all work for the student as well as visit them during their ISS assignment. ISS is staffed with a certified teacher and will be able to help students with their work as well as implement any special education modifications or IEP's.

Grade-Level Principals will work closely with the counselors and ISS teachers to evaluate the student's progress.

STUDENT ACTIVITIES POLICIES

Co-curricular: An extension of classroom instruction in which participation is by the entire class or a significant portion of the class, such as field trips. Absences that occur in classes other than the class taking the field trip will be counted as extracurricular absences. A student's grade may be dependent on participation in extra activities. The sponsor will give alternative assignments to students who gain permission to miss the activity.

Extracurricular: School sponsored activities that are not directly related to instruction of the essential elements but offer significant contributions to a student's development. Participation in extracurricular activities is a privilege and not a right. Students must meet specific requirements in order to participate. Absences due to extracurricular activities will be limited to five per semester.

Requirements for Participation

Attendance Requirements

Two-Block Rule: In order to participate in any extracurricular activity, the student must have attended school for at least one-half of the school day on which the activity is scheduled (two block classes). Exceptions must be approved by the Grade-Level Principal and sponsor of the activity.

Ten-day Rule: Students will not be permitted to participate in such activities that would require a student to be absent from any class more

than ten times during the year. Exceptions may be made for post-season activities with the proper prior approval.

(EXCEPTIONS: An exception to the rule may be made on behalf of individual students who are competing in UIL sponsored activities. These exceptions must be based on circumstances that are unforeseen and result from the student's earning the right to compete at post-UIL district levels. Exceptions shall not exceed a total of five additional absences per year.)

Conduct Requirements

Student participation in extra-curricular/co-curricular student activities is a privilege. The Addendum to The Student Code of Conduct: Participation in Extra-Curricular/Activities will be the guide for responsibilities, expectations, and sanctions that will govern participation. The provisions of the code apply to participants in all school-sponsored clubs, organizations, athletics, and other extra-curricular organizations, as well as elected/appointed positions such as class officers and team captains. To participate in McCullough student activities and represent the school, students and parents/guardians will be required to pledge observance of the rules outlined in Addendum to the Student Code of Conduct: Participation in Extra-Curricular/Activities. The community and the school are very concerned about the use of alcohol/drugs, student citizenship, and student behavioral standards and expectations. The code addresses these concerns, as well as other concerns, with strong consequences, including suspension from participation in any or all activities.

Incomplete Grades: A student receiving an incomplete (I) grade in a course is considered ineligible seven days after the end of a grading period or until the incomplete is replaced with a passing grade for the grading period.

Activity Eligibility: Eligibility is determined by student academic progress and/or student conduct (governed by the Addendum to The Student Code of Conduct: Participation in Extra-Curricular/Activities.) Eligibility rules apply to all athletic teams and levels, all other UIL (University Interscholastic League), band, choir, orchestra, and school-sponsored clubs and organizations, etc. Students not meeting the designated grade and/or conduct requirements may not participate in any of these activities even though that activity would not require them to miss any class time. Students who have failed a class are also ineligible to participate in any school sponsored field trip/activity that would require them to miss instructional class time.

UIL rules will be followed in determining eligibility. The principal or designee will interpret all rules with the assistance of the sponsor and other authorities as deemed necessary by the decision makers.

Student Offices

In order to be eligible for student offices, as a minimum requirement the candidate must have currently a passing mark in all subjects, and have a general grade average of 75 or better the preceding semester.

Students selected must maintain the outlined standards in citizenship and scholarship or relinquish their office. Students who do not meet standards for continued participation in accordance with the Addendum to the CISD Student Code of Conduct: Participation in Extra-curricular/Co-curricular Activities will not be allowed to participate for a period of time to be determined by the severity of the violation, during which time the student may practice and/or work out, but not participate. If, at the end of the first removal, the student has an unsatisfactory academic average or conduct, a second period of removal from participation will be given. If unsatisfactory academic progress remains, and/or, if conduct problems remain, the student will be dismissed from the activity for the remainder of the school year.

Dress Requirements

The principal, in cooperation with the sponsor, coach, or other person in charge of an extracurricular activity, may regulate the dress and grooming of students who participate in the activity.

Note: Students should be aware that there are additional expenses that may be required for some extracurricular activities such as drill team and cheerleading. The sponsor will provide a written estimate of required expenses.

Fundraising Activity/Booster Clubs

The Principal must approve all money-raising activities. A fundraising calendar will be established so that the number of fundraising activities will be limited at any given time during the school year. Fund-raisers are limited to a two-week period for each activity/sale. School clubs, organizations and booster clubs will be allowed two (2) major fund-raisers during the school year so that everyone will have opportunities to raise funds. Consumable sales will be limited to "ordered items" that will not be sold and/or consumed during the school day. Financial responsibility for the fund-raiser will be assigned to the faculty sponsor.

Note: This includes BOOSTER CLUB fund-raiser activities.

Funds collected by school organizations must be processed through McCullough Student Activity Accounts. Separate accounts at banks, credit unions, etc., may not be established by any school club or organization. All funds raised and/or collected are to be deposited with the McCullough Student Activity Accounts Financial Clerk. No school-related funds are to be co-mingled in private individual accounts or with Booster Club accounts. Disbursement of collected funds is to be handled by the Principal's Secretary with the written approval of the Principal.

No funds collected by school clubs and organizations should be left in classrooms or deposited in accounts outside the school Activity Account. Be sure to check with the Financial Clerk to insure compliance with all requirements. Since this area of administrative responsibility is subject to an audit, all parties involved must exercise great care.

Parent groups (Booster Clubs) wishing to raise funds are reminded that approval of the raising of funds must be completed prior to the beginning of the activity, not after the fact. Booster Clubs that raise funds for McCullough activities must do so without the use of students. When students are involved in the fund raising activity, the monies must be channeled through McCullough Students Activity Accounts. Faculty or students should not handle booster club funds. Faculty sponsors or coaches should not be responsible for any funds or accounts held by booster clubs. Booster club funds may be donated to the school through the Student Activity Account Funds donated are used for the designated school activity and are controlled by the principal, with a yearly audit.

Booster Club by-laws must be in place for all sanctioned Booster Clubs which call for the Treasurer to be "bonded" for the appropriate amount of funds to be handled, and that the bond be paid for by the Booster Club. Additionally, Booster Club by-laws must require a yearly audit of financial records and activities, which is shared with the Principal. The school will not sanction organizations that do not have these by-laws in place.

Students may not sell unauthorized items or services on campus at any time. Unauthorized sale items will be confiscated.

All fundraising activities by a club/organization/booster club must be submitted in writing to the principal prior to October 1 of each school year.

Addendum to the CISD Student Code of Conduct Participation in Extra-curricular Activities

The major objective of public education is to provide an opportunity for learning. The learning/teaching process is dependent upon an environment in which order prevails and the rights of all students are respected. This environment can exist only when all individuals involved conduct themselves in a manner conducive to the total welfare of the larger group. Therefore, it is essential that reasonable standards

of conduct be established and maintained, not only to support the learning/teaching process, but also to provide the individual with invaluable training and experience toward self-discipline and productive citizenship.

Students who hold memberships or positions in school-sponsored clubs, organizations, athletic teams, as well as elected/appointed positions such as class/club officers and team captains, represent not only themselves and their families, but clearly represent McCullough Junior High School as role models and leaders. What people think about a school and a community depends greatly on how students are perceived. Students are faced with many negative influences and pressures. It is hoped that this code will provide a reference for acceptable behavior and another tool for students to assist them in maintaining the best possible standards of conduct while they are in school and in the community.

The Extra-curricular Participation Code is an addition to the CISD Student Code of Conduct and applies to all students involved in school activities whether on or off campus. This code is an integral part of CISD-approved Student Code of Conduct related to McCullough Junior High School.

Consistency and fairness in application will be the guides for application of consequences.

A student committing a felonious act will be suspended from all participation in extra-curricular activities for the remainder of the school year at McCullough Junior High School. If the felony violation occurs during the last quarter or summer, the participation consequences may carry over to subsequent quarter(s).

Scheduled Activities

All student activity events must be approved and scheduled by the Principals Secretary and must be attended and supervised by a sponsoring member of the McCullough faculty. Timely scheduling will prevent conflicts between competing activities.

McCullough facilities must also be scheduled through the Principals Secretary. A calendar is kept for each major venue.

Sanctioned Activities

The only activities that may use the school name or “nickname” are those that are approved by the school administration. Use of the school name without the permission of the Principal will be subject to disciplinary action. School clubs and organizations may not be affiliated with college fraternities and sororities.

Note: *Initiations and “hazing” are strictly prohibited. All club and organization activities must be approved and chaperoned by a faculty sponsor.*

Off-Campus Activities

All school-sanctioned activities must be placed on the school calendar. Regardless of whether the activity is held on-campus or off-campus. School policies and regulations apply to all school sponsored activities.

School Sponsored Trips

Travel can be a very worthwhile educational experience as long as sponsors have students’ full cooperation. Due to the large responsibility placed on school officials during any such travel, there may be special rules placed on the group.

All participation in such excursions is based on academic, attendance and behavioral records. The principal in collaboration with trip chaperones will make final decisions on participation. It is a privilege, not a right, to participate in such school sponsored trips. Absences for school-sponsored travel will be counted as extra-curricular or excused absences and will be subject to the limits of such absences.

When the school provides bus transportation for school activities, students must ride to and from the event on the provided bus unless an emergency situation occurs.

Students participating in multiple school activities in one night may arrange transportation to and from the events with the approval of the sponsor/coach and the assistant principal.

Students wishing to participate in an additional activity that is non-school related may not leave the school activity.

Students that are transported to an activity other than that provided by the school may not participate in the activity unless it is approved by the sponsor/coach and Assistant Principal.

Students need to understand that their complete cooperation is expected so that the trip is enjoyable for everyone. It must also be understood that violations of major rules could make a student subject to being sent home at the expense of the parents/guardians, and possible removal from any activities in which the student would have otherwise represented the school. Sponsors of such trips will make parents/guardians and students aware of the special and existing rules when asking for parent/guardian permission for student travel. No refund can be expected for advanced trip deposit for students who cannot participate at the last moment due to loss of eligibility or other causes.

SAFETY

General Information

CISD and McCullough Junior High School are committed to supplying the safest learning environment possible. We have taken steps to assure safety. The following information provides you with a brief description of the steps that we have taken as a school and school district.

McCullough Safety Plan

A safety plan has been established and communicated with the faculty and staff to ensure safety. The plan outlines what each faculty member should be doing before school, during school, and after school to assure safety. All teachers, administrators and campus police actively participate in this process to ensure that it is continually updated to assure that we anticipate any possible activity on campus.

Personal Safety

When walking to or from school: Students should travel in groups of two or more. Be aware of your surroundings by looking to the left and right and behind you with your head up at all times. An attacker will think twice about approaching someone who appears confident and aware of what is going on. Most attackers do not look scary. If any stranger asks you to go with him/her, do not comply. If someone makes you feel nervous, trust your instinct. Do not be embarrassed about asking someone you know and trust to stay with you. If you are alone,

run away screaming. It is very likely that the attacker will move on to an easier target.

At School

Some courses, by their nature, require special safety precautions. Students are expected to demonstrate knowledge of and follow safety regulations as required by the instructor.

Crisis Management Plan

McCullough Junior High School develops a Crisis Management Plan for each school year. The plan outlines key people that would be contacted in the event that a crisis occurs. The people would then assemble and develop a plan for handling the specific incident. Central office, administrators, counselors, key teachers, other campuses, and police may be involved in the process.

Building Lockdown

McCullough Junior High School has a system in place in order to lock the building in the event of a dangerous situation in the area or on campus. All teachers have been trained in how to respond in the event that a lockdown occurs. No one will be allowed to enter or exit the building during a lockdown.

Bad Weather Plan

McCullough Junior High School has a bad weather plan in place in the event that the weather conditions outside are too severe for students to be in the portables or change classes to the portables.

EVACUATION PROCEDURES

Evacuation of the building

There may be a need to evacuate the building due to emergency conditions. In each room of the school, an Evacuation Route Map should be posted near the exit door. The map details the appropriate route to use for evacuating the building. The routes for evacuation are designed to avoid overcrowding. Alternate routes should be anticipated and reviewed to avoid possible confusion during an evacuation.

Students are to remain with the teacher who facilitates the evacuation. In leaving the building, students are to move in a safe and orderly manner away from the building to the outer perimeter of the campus that is closest to the exit point. Close all windows and doors as you evacuate. Students are to take nothing except their valuables. Students are urged to consider the seriousness of drills.

False alarms may occur from time to time as a result of a system malfunction. In such cases, everyone will be notified via the school intercommunication system. Without such notification, students should assume the alarm is valid and move to evacuate the building. A false alarm initiated by anyone intentionally constitutes a criminal act and will result in prosecution to the fullest extent possible.

Evacuation drills are preparation for the reality of fire or imminent disaster. The school administration, faculty and staff, therefore, ask each student's absolute cooperation in abiding by the rules set forth in this section of the handbook.

No person should reenter the building until the all-clear signal is given.

Evacuation Signals/Procedures

In the event of an alarm sounding, students should follow the instructions of teachers and adults in regard to evacuating the building in an orderly fashion. Students should remain quiet and listen to instructions provided.

Tornado Procedure

The following procedure is to help guide you through a tornado, tornado drill, or severe weather. In the event that the weather conditions are favorable for a tornado, we will activate this procedure.

- Notification to access this plan will be made via the bell system. If possible, an announcement will be made to activate the tornado procedure.
- Teachers will stay in their respective classrooms unless the classroom is located upstairs, in a portable, or a room with a window. Those rooms will relocate to an interior room.
- All students should secure a spot as close to an interior wall as possible. They should be facing the wall in a tucked position. Their knees should be up with their head between their knees. If possible also have the students take cover under a table or desk.
- All teachers should position themselves in the room so that they are able to lead an evacuation and render assistance to students.
- Wait for further instructions.

If this were to take place during lunch students that are located on the east side of the podium will report to the history classrooms. Students on the east side of the podium will report to the science classroom.
