

McCullough JH Ceramics Application

McCullough JH Ceramics Application Coursework for Ceramics will focus on developing student knowledge of the art elements, design principles, as well as fundamental artistic techniques through a variety of hands-on three dimensional projects and three dimensional drawing assignments. These assignments will allow experimentation of a variety of ceramic materials and methods to extend the artistic experience. Self-critiques, analyzing and interpreting artworks complete the semester curriculum.

Ceramics will be available as a spring semester course upon successful completion of Art A prerequisite for 7th graders, and available for fall or spring semester for 8th graders who have successfully completed Art A.
